

### REMARKS

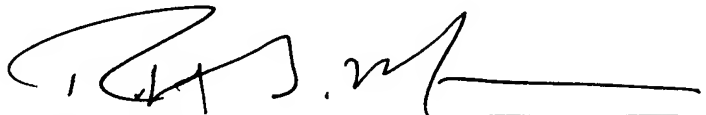

In an Office Action mailed on August 11, 2005, the Examiner restricted claims 1-30 of the present application. Specifically, the Examiner restricted claims 1-13 and 28-30 to Group I as being drawn to a method of manufacturing a memory module, and the Examiner restricted claims 14-27 to Group II as being drawn to a memory module.

Although Applicants do not necessarily agree with the Examiner's reasons for restriction, Applicants elect to prosecute claims 1-13 and 28-30 of Group I. Therefore, Applicants have canceled claims 14-27 with traverse for possible inclusion in a divisional application. Reconsideration of the application as amended is respectfully requested.

Applicants note that in paragraph 5 of the Restriction/Election Requirement, the Examiner stated that a telephone call was made to Robert Manware on August 2, 2005. However, Mr. Manware has no record of such a call.

If the Examiner believes that a telephonic interview will help speed this application toward issuance, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

Date: August 24, 2005
